SECOND SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Sir:

Further to the Information Disclosure Statement filed March 25, 2010, the Examiner is respectfully requested to consider the two non-patent references, copies enclosed, which may qualify as prior art. The Chinese reference was previously submitted, but we now have included a date for the document. For the Examiner's convenience, the references are listed on the attached form generated by the Applicant.

This information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of any form is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

It is believed that this submission requires the payment of a fee of \$180 pursuant to 37 C.F.R. 1.17(p), and payment is made via the EFS-WEB system. If this is not correct, please charge any required fee to Deposit Account No. 07-1969.

Respectfully submitted,

/donnamferber/
